

**ETTA National 11 to 14 Championships – Regional Qualification,
2011/ 2012 Season.**

Dear Regional Chairman,

The attached should complete the material you and your committee need to process the above Regional event.

Hopefully by now, you will have appointed the Referee and Organiser and have made the arrangements for the venue on the weekend of 14th & 15th April 2012.

This season players do not need to have a Players Licence or pay a Single Competition Licence fee but all players will have to be affiliated as a Player Member to the ETTA Ltd.

Your two regional employees, the RDM and the Regional Coach will help promote the event in their region, in particular within the clubs and schools. The distribution of entry forms can be made through your committee to Counties, Leagues, Clubs and Schools organisations. The attempt to bring young players into the ETTA from all the work taking place with the various school sport partnerships has to be developmental; whilst the Regional Coach will have the best opportunity of the season for talent identification within the region.

Extra forms will be made available on the ETTA website shortly.

The names of the exemptions (eight for all categories except U11 and U12 Girls, which will be six) will be on the ETTA website shortly after Ranking List 202 is published at the end of January

If your event is going to make the hoped for (anticipated) profit for your regional funds, it needs to be promoted and publicised well around the whole of the region.

We see this as an opportunity to establish Regions in the competition structure and to give young players a more local opportunity to take part in the National Championships for their age group.

All other information needed should have now been provided. If you have any further questions please contact Vanda Jones at the Events Office in Hastings.

Wishing you and your region the best in trying to make a success of this event.

Steve Welch
Competitions Committee

12th January 2012
